The 2010 Special Edition Kluger Altitude.

 **TOYOTA KLUGER**
oh what a *feeling!*

As you well know, there's always room for more toys.

The Special Edition Kluger Altitude. It's a family thing.

It took a little ingenuity, but we've managed to pack even more stuff into the Special Edition Kluger Altitude. We started with all the family-friendly features of the standard KX-R, like a reverse camera for safety and a glass tailgate hatch for easy boot access. Then we piled in heaps of extras to keep the kids happy and comfortable, like a DVD rear-seat entertainment system, third-row seats, and separate rear air con. And we still found space for all your stuff, like a 6 disc in-dash CD changer, tilt & slide moonroof, 19-inch alloy wheels, fog lamps and black roof rails. The beauty is, there's still room for the kids to bring along all the toys they'll never play with.

Special Edition Kluger Altitude features:

- 6 disc in-dash CD changer with LCD display and MP3 CD compatibility
- DVD rear seat entertainment
- Third row seats (7 seats)
- Additional Unique Special Edition colour - Luna
- 5 x 19" alloy wheels
- Front fog lamps
- Black roof rails
- Tilt & slide moonroof
- Manual rear air conditioning
