It’s not the size of the car in your life. It’s the size of life in your car.

Think Yaris and you think clever. Think new Yaris hatch and you think of a car that takes clever to a whole new level. This is Australia’s first light car to bring you Toyota’s Entertainment Communications Hub (T.E.C.H.)™ as standard in the YRX and ZR hatch models. Interiors are striking, attention to detail is second to none and you’ll find more storage than you’d think possible in a car this size.

Yaris’ looks match its brains with European lines setting it apart from light car sameness. It’s also exceptionally strong. And as for safety, Yaris hatch has you covered with seven SRS airbags just for starters.

Cruise control1 is great when you’re out of the city and so is the fact that Yaris’ chassis and suspension has been specifically tuned for Australian conditions. And no matter where you go, you’ll never be far away with an audio/communication system linking you to your friends, phone and music through simple voice commands on your new Yaris hatch. As for fuel consumption, the new Yaris hatch delivers figures of as low as 5.7L/100km2 based on a combination of highway and urban driving. That’s a 5% improvement over the previous hatch model.

---

1 Cruise control not available on sedan models and optional on the YR hatch.
2 Fuel consumption will vary depending on driving conditions/style, vehicle conditions and options/accessories. Source of fuel consumption data: ADR81/02 combined cycle based on YR hatch, 1.3 litre manual transmission model.
Big enough to fit all the genuine accessories you wish.

It’s the size of life, the car in your life. It’s not the size of a car, it’s the size of the experience you have. It’s the size of the vision you have for your future. It’s the size of the impact you make on the world. It’s the size of the legacy you leave behind.

Cruise control is great when you’re out of the city and so is the interior of the Yaris. It’s also exceptionally strong. And as for the new Yaris hatch, it’s bigger than you think. It has more storage than you’d think possible in a small car. And it’s faster than you’d think possible in a small car.

Think Yaris and you think clever. Think new Yaris hatch and you think bigger. It’s a car that takes clever to a whole new level. This is Australia’s Clever Car. Big Life.

Even more protection. Everyone needs vehicle insurance, but take out our Comprehensive Motor Vehicle insurance and you’ll get a policy packed with a great range of benefits. These include:
- Where your Toyota becomes a total loss, is under 3 years old and has less than 100,000km on the clock, we’ll replace it with a brand new Toyota vehicle.
- We’ll also promise to use genuine new Toyota parts to repair your vehicle if it is less than 5 years old.
- And we’ll guarantee the quality of workmanship on all authorised repairs as long as you remain the owner of the vehicle.

Toyota Insurance also offers Finance Gap Insurance, Payment Protection Insurance and Extended Warranty Insurance.

Extend your peace of mind. Extend your original factory warranty by up to 3 years with the Toyota Extra Care Extended Factory Warranty. Available on most new and used Toyotas, it will give you extra peace of mind – as will membership to our Roadside Assist service, offering breakdown assistance 24/7. Rest assured should your vehicle be immobilised by a roadside breakdown or accident, help is never more than a phone call away with Toyota Extra Care Roadside Assist.
